

WANTED!

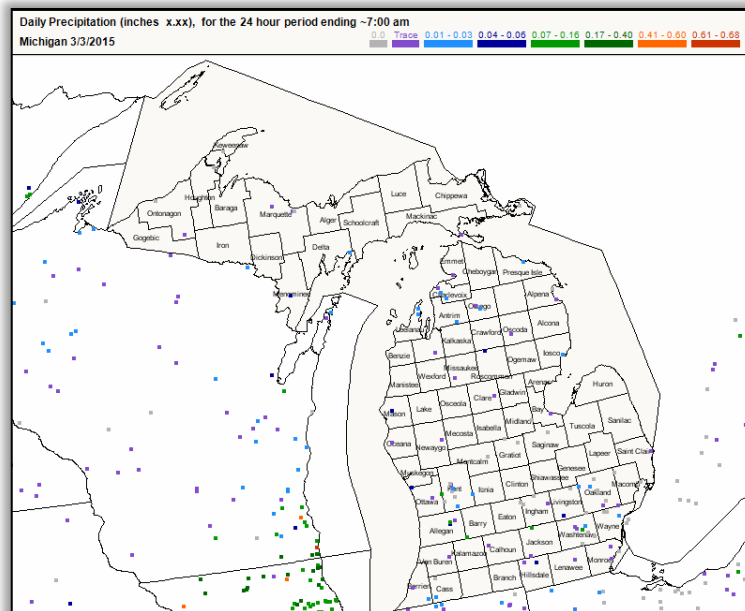

Volunteers of all ages to help scientists study storms and map precipitation

The **Community Collaborative Rain, Hail, and Snow (CoCoRaHS) Network** needs you! Everyone can participate: young, old and everyone in between. The only requirements to join are an enthusiasm for watching and reporting weather conditions and a desire to learn more about how weather can affect and impact our lives.

“Because every drop counts!”

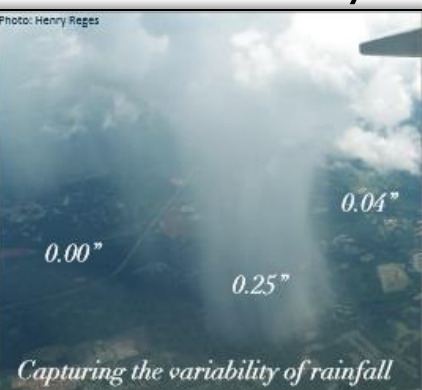

How much fell in your backyard?

Michigan CoCoRaHS reports on 3/3/2015

NWS Grand Rapids needs you! In addition to learning more about the variable weather that impacts you and your neighbors, the data you provide is analyzed and disseminated daily by our meteorologists. Questions? Email us at w-grr.webmaster@noaa.gov

Check out this short YouTube video on the program:
